INDEPENDENT AUDITORS' REPORT

Mr. Hector Balderas,
New Mexico State Auditor and
The Honorable Mayor Susie Galea
and
City Commission of the City of Alamogordo
Alamogordo, New Mexico

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, the respective budgetary comparisons, and the aggregate remaining fund information of the City of Alamogordo, New Mexico (the "City"), as of and for the year ended June 30, 2012, which collectively comprise the City's basic financial statements as listed in the table of contents. We also have audited the financial statements and the applicable budgetary comparison schedules of each of the City's nonmajor governmental, enterprise, internal service, and fiduciary funds and the component unit presented as supplementary information in the accompanying combining and individual fund and other financial statements as of and for the year ended June 30, 2012, as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of the City as of June 30, 2012, and the respective changes in financial position and cash flows, where applicable, thereof, and the respective budgetary comparisons for the general fund and the major special revenue funds, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each nonmajor governmental, internal service, and fiduciary fund of the City, as of June 30, 2012, and the respective changes in the financial position and cash flows, where applicable, thereof and the respective budgetary comparisons for the major capital project and debt service funds, all nonmajor funds, the enterprise funds, and the component unit for the year ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 29, 2012 on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in assessing the results of our audit.

The City of Alamogordo has omitted the Management's Discussion and Analysis (MD&A) which is required to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by GASB who considers it to be an essential part of financial reporting for placing basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements, the combining and individual fund financial statements, the schedule of changes in assets and liabilities – agency funds, and the budgetary comparisons. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis required by US Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the financial statements. The additional schedules listed as “other supplementary information” in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**STATE OF NEW MEXICO
CITY OF ALAMOGORDO
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE
TO STATEMENT OF NET ASSETS
As of June 30, 2012**

Fund balances reported in governmental funds balance sheet	\$	56,470,554
Amount reported for governmental activities in the Statement of Net Assets are different because:		
Capital assets used in governmental activities are not financial resources, and therefore, are not reported in the funds.		55,786,407
Internal service funds are used by management to charge the cost of certain activities to individual funds. The assets and liabilities of the internal service funds are included in governmental funds in the Statement of Net Assets.		1,293,657
Some revenue is deferred in the funds but accrued as revenue in the government-wide statements and added to net assets.		234,667
Other assets (bond issue costs) are not available to pay for current period expenditures and therefore are deferred in the funds.		388,939
Long-term liabilities are not due and payable in the current period and, therefore, they are not reported in the governmental funds balance sheet:		
Bonds and notes payable		(32,814,657)
Compensated absences (less Internal Service Funds)		(962,467)
Accrued interest payable on long-term debt does not require current financial resources, therefore, interest payable is not reported as a liability in the governmental funds.		<u>(117,176)</u>
Net assets of governmental activities	\$	<u><u>80,279,924</u></u>

**STATE OF NEW MEXICO
CITY OF ALAMOGORDO
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
For The Year Ended June 30, 2012**

Net change in fund balance - total governmental funds	\$	12,699,331
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation.		4,677,468
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenue in the funds.		234,669
Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long term liabilities in the Statement of Net Assets. This is the amount by which repayments exceeded proceeds.		(10,074,770)
Expenses reported the Statement of Activities that do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		(45,716)
Internal service funds are used by management to charge the costs of certain activities, such as insurance and fleet management. The net revenue (expense) of the internal service fund is reported with governmental activities.		(1,921,102)
Transfers were made from governmental funds to the Internal Service Fund; those transfers reduced the changes in fund balance of governmental funds but not the change in net assets of governmental activities.		<u>1,828,180</u>
Change in net assets of governmental activities	\$	<u><u>7,398,059</u></u>

**STATE OF NEW MEXICO
CITY OF ALAMOGORDO
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2012**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Financial statement presentation

As required by generally accepted accounting principles, these financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are in substance, part of the government's operations and so data from these units are combined with data of the primary government. The discretely presented component unit, on the other hand, is reported in a separate column in the combined financial statements to emphasize it is legally separate from the government. Each blended and discretely presented component unit has a June 30th year-end.

Based on these criteria, the accounts of the following organizations are included in the City's financial statements:

Blended component unit

The City of Alamogordo Public Housing Authority (PHA) was created as a separate agency apart from the City proper in accordance with the State Municipal Housing Act (3-45 NMSA 1978) to maintain residential housing for persons with low income. The Mayor of the City, along with the members of the City Commission, serves as the Public Housing Commission. The City maintains title to all real and personal property and is secondarily liable for bonds and other debt of the PHA. The PHA's operations are reported as a blended component unit with the primary government in the accompanying financial statements as business-type activities.

Discretely presented component unit

During the 1993-94 fiscal years, the City of Alamogordo entered into a joint powers agreement for operation of a regional landfill. The following entities represent the signers of this agreement:

<u>Otero County</u>	<u>Lincoln County</u>
City of Alamogordo	County of Lincoln
County of Otero	Town of Carrizozo
Village of Cloudcroft	Village of Capitan
Village of Tularosa	Village of Ruidoso
Village of Corona	Village of Ruidoso Downs

The purpose of the joint venture was to establish, finance and operate the Otero-Greentree Regional Landfill (formerly known as the Otero/Lincoln County Regional Landfill). Each of the governmental entities has pledged their respective environmental services gross receipts tax revenues as financial support for the purpose of funding the acquisition of capital assets necessary for the operation of the landfill. The Otero and Lincoln County authorities have also agreed to a 50-50 joint ownership and operation of this enterprise.

It was mutually agreed and covenanted between the entities that:

1. The facility shall be known as the Otero-Greentree Regional Landfill;
2. Title to the facility shall be held in undivided-joint tenancy between the Otero and Lincoln Solid Waste Authorities;
3. The entities, through their respective Otero or Lincoln County Authorities, shall be joint owners of a co-equal undivided one-half interest in the assets and also shall be equally responsible for

**STATE OF NEW MEXICO
CITY OF ALAMOGORDO
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2012**

- the debt;
4. The entities each agree to maintain an irrevocable, first, but not exclusive, pledge of 100% of their environmental gross receipts tax revenues for the life of the bond issue used for permanent financing;
 5. The entities agree that tipping fees collected shall be used to pay principal and interest on the bonds and that the fee established shall be adequate to meet operations, maintenance and financing requirements;
 6. The entities agree that the City of Alamogordo shall annually prepare a budget that shall be approved by the Otero and Lincoln County Solid Waste Authorities. Thereafter, the City will operate the Landfill in accordance with good business practice;
 7. The governmental entities authorize the exercise of the following joint powers by the City of acting as agent on their behalf:
 - a. In accordance with the approved budget, to acquire, cause to be acquired and maintain the necessary property, equipment and personnel for the landfill;
 - b. To approve the issuance of revenue bonds;
 - c. To enter into agreements for the services of managers, attorneys, appraisers, consultants, and employees; and
 - d. To implement adopted policies regarding fees, rates, and charges.
 8. The landfill shall be a joint venture of the entities acting in a proprietary capacity.
 9. Annually, the City of Alamogordo will provide a complete financial report on the operation to each participating entity.
 10. The terms of this agreement are perpetual.
 11. The beginning and ending dates for the agreement are July 1, 2004 to June 30, 2012.

According to Governmental Accounting Standards Board Statement No. 14, *The Financial Reporting Entity*, certain determinations must be made in order to decide whether this joint venture should be considered a component unit of the City of Alamogordo and, if it is, how it should be shown in the City's financial statements. Based on those guidelines, this Regional Landfill is being included in the City's statements as a discrete component unit.

B. Government-wide and fund financial statements

The City's basic financial statements include both government-wide (reporting the City as a whole) and fund financial statements (reporting the City's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The City's police and fire protection, road maintenance, culture and recreation, and administration are classified as governmental activities. The City's utilities (water and sewer, and solid waste), Bonito Lake Recreation Area, Golf Course, White Sands Regional Airport and Public Housing Authority are classified as business activities. The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the non-fiduciary activities of the primary government and its component units.

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regard to interfund activities, payables and receivables. All internal balances in the Statement of Net Assets have been eliminated except those representing balances between the governmental activities and the business-type activities, which are presented as internal balances and eliminated in the total primary government column. In the Statement of Activities, internal service fund transactions have been eliminated; however, those transactions between governmental and business-type activities have not been eliminated.

**STATE OF NEW MEXICO
CITY OF ALAMOGORDO
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2012**

Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with specific function or segment. Program revenues derive directly from the program itself or from parties outside the reporting governments taxpayers or citizenry as a whole and include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment such as water use, trash collection, sales of business permits, etc., and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment such as construction of new roads or flood control systems. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual enterprise funds are reported as separate columns in the fund financial statements.

The financial transactions of the City are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The fund focus is on current available resources and budget compliance.

Funds are classified into three categories: governmental, proprietary and fiduciary. Each category, in turn, is divided into separate "fund types."

Governmental funds are used to account for all or most of a government's general activities, including the collection and disbursement of earmarked money (special revenue funds), the acquisition of construction of general capital assets (capital projects fund). The general fund is used to account for all activities of the general government not accounted for in some other funds.

Proprietary funds are used to account for business activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies primarily within the government as the utility fund, which account for the providing of water, wastewater, and sewer services to the residents of the City.

Fiduciary funds (trust and agency funds) are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. Trust and agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Separate financial statements are provided for governmental funds, the proprietary fund, and fiduciary funds. In accordance with the provisions of GASB Statement No. 34, the fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds and the enterprise fund are reported as separate columns in the fund financial statements.

**STATE OF NEW MEXICO
CITY OF ALAMOGORDO
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2012**

The City reports the following major governmental funds:

The General Fund: (F11, 98, 32, 63 & 65) – the City's primary operating fund. It accounts for all financial resources of the City, except those required to be accounted for in another fund.

Transportation (F44) – to account for the one-cent gasoline tax revenues used for local street and bridges capital items. NMSA 7-1-6.9.

Gross Receipts Tax Principal and Interest Fund (F59) – This fund accounts for accumulating monies for payment of gross receipts for revenue bonds.

2011 Water and Wastewater Refunding and Improvement Fund (F117) – This fund accounts for the proceeds of the refunding of the “1998 Joint Water and Sewer Bonds” and for additional loan proceeds to fund the wastewater treatment project.

2011 Street Projects Improvement Loan Fund (F118) – This fund accounts for loan proceeds to be utilized for city street projects.

2012 State Shared Gross Receipts Tax Bond Refunding and Improvement Revenue Loan (F119) – This fund accounts for the proceeds of the “2002 Gross Receipt Tax Bonds” and for additional loan proceeds to fund city quality of life projects.

The City reports the following major proprietary or business funds:

Water and Sewer Operating (F46, 81, 82, 104 & 110) – to account for the provision of water and sewer services to the residents of the City and some residents of the County.

Solid Waste Collection System (F86) – to account for solid waste services to the residents of the City and some residents of the County.

Bonito Lake (F88) – to account for the operation of Bonito Lake Watershed, Recreational Area and part of the Bonito Pipeline.

Desert Lakes Golf Course Operating (F90) – to account for the operations of the golf course and facilities.

White Sands Regional Airport (F91) – to account for the operations of the City's airport system.

Public Housing Authority (F901, 902, 903, 904, 905, 906 & 907) – Provides financial assistance to low income families for housing within the community as well as low rent housing in city owned facilities.

The City reports internal service funds (*F12, F96, F107*) established to provide financing for activities of services provided in-house by the using department. The City currently provides central services for personnel, safety, fleet, management information systems, and facilities maintenance. In addition, the primary insurance for liability and auto and other insurance protection provided for all functions is recorded within the internal service funds. The services are rendered to other departments of the city on a cost-reimbursement basis. In addition, the government reports non-major governmental funds and agency funds listed as supplementary information in of this audit report.

**STATE OF NEW MEXICO
CITY OF ALAMOGORDO
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2012**

C. Capital assets

Property, plant and equipment purchased or acquired is carried at historical cost or estimated historical cost. Contributed capital assets are recorded at estimated fair market value at the time received. Public domain (infrastructure) capital assets consisting of roads, bridges, curbs and gutters; streets and sidewalks, drainage systems and lighting systems have been recorded at estimated historical cost. The State's capitalization policy, i.e., the dollar value above which asset acquisitions including software are added to the capital accounts, was changed to \$5,000 as of July 1, 2005 from \$1,000. Assets with historical cost under \$5,000 and over \$1,000 that capitalized prior to July 1, 2005 remain on the City's capital assets schedule. However, all capital outlay purchases may not necessarily be capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. Net revenue bond interest cost incurred during construction periods is capitalized when material.

Capital outlay expenditures are recorded as expenditures of the General, Special Revenue, and Capital Projects Funds and as assets in the government-wide financial statements to the extent the City's capitalization threshold is met. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Betterments and major improvements, which significantly increase values, change capacities or extend useful lives, are capitalized. Upon sale or retirement of capital assets, the cost and related accumulated depreciation are removed from the respective accounts and any resulting gain or loss is included in the results of operations.

Property, plant, and equipment of the primary government, as well as the component units, are depreciated using the straight-line method over the following estimated useful lives:

<u>Class of Asset</u>	<u>Estimated Useful Life</u>
Dam	100 years
Buildings	25-50 years
Improvements other than buildings	20-50 years
Machinery and equipment	3-10 years
Software	3 years

Software is depreciated over 36 months. The City is in the process of implementing a policy for the capitalization of library books pursuant to the School library material act Section 22-15C but does not currently include library books or the associated depreciation in capital assets. In addition, the Public Housing Authority records depreciation on its capital assets in accordance with generally accepted accounting principles.

D. Long-term obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable government activities, business-type activities, or proprietary fund type statement of net assets. Debt principal payments of both government and business-type activities are reported as decreases in the balance of the liability on the Statement of Net Assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method.

STATE OF NEW MEXICO
CITY OF ALAMOGORDO
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2012

Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, however, debt principal payments of governmental funds are recognized as expenditures when paid. Governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

E. Capitalized interest

Interest costs are capitalized when incurred by proprietary funds and similar component units on debt where proceeds were used to finance the construction of assets.

F. Basis of accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year they are billed. Property tax receivables are recognized in the government-wide statements net of estimated refunds and uncollectible amount in the period the taxes are levied, even if not available. The governmental fund financial statements exclude the portion of property taxes which are not available. Taxes, and similar items are not recognized as revenue because they are not both available and measurable (reasonably estimable) as per GASB Statement 33 requires. The revenue is recognized as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund level financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when the obligation has matured and is due and payable shortly after year end as required by GASB Interpretation No. 6. Agency Funds are accounted for under the accrual basis of accounting.

For its government-wide activities and enterprise funds, the City has elected under GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, to apply all applicable GASB pronouncements as well as any applicable pronouncements of the Financial Accounting Standards Board, the Accounting Principles or any Accounting Research Bulletins issued on or before November 30, 1989 unless those pronouncements conflict with or contradict GASB pronouncements. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units.

STATE OF NEW MEXICO
CITY OF ALAMOGORDO
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2012

All proprietary funds and non-expendable trust funds are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned, and their expenses are recognized when they are incurred. Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities.

The City also reports deferred revenues on its combined balance sheet. Deferred revenues arise when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred revenues also arise when resources are received prior to the occurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the City has a legal claim to the resources, the liability for deferred revenues is removed from the combined balance sheet and revenue is recognized.

Fiduciary Funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and other funds. The reporting focus is upon net assets and changes in net assets and employs accounting principles similar to proprietary funds. Fiduciary funds are not included in the government-wide financial statements since they are not assets of the City available to support City programs.

In accordance with the provisions of Statement No. 33 of the Governmental Accounting Standards Board, the City recognizes revenues in the period when the underlying exchange transaction has occurred and the resources are available.

G. Budgets and budgetary accounting

The City uses the following procedures in establishing the budgetary data reflected in the accompanying financial statements:

1. Prior to June 1, the City Manager submits to the City Commission a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them.
2. Prior to July 20, the budget is legally enacted through passage of a resolution.
3. The State of New Mexico Department of Finance and Administration must approve the budget, and any revisions to the budget.
4. The City Manager is authorized to transfer budgeted amounts between departments within any fund; however, the City Commission and the Department of Finance and Administration must approve any revisions that alter the total expenditures of any fund.

Formal budgetary integration is employed as a management control device during the year for all funds. Budgets are adopted for all funds by the City Commission, are prepared on a cash basis and include an amount for cash and investments remaining from the previous year available for expenditure in the current year. Budgets for all funds are "appropriated" budgets.

Budgetary information is presented as amended, the amendments being adopted in a legally prescribed manner. The level of control at which expenditures may not legally exceed budgeted revenues, cash and investments is at the total fund level for each legally adopted budget.

Encumbrance accounting is used for all fund types. Encumbrances are recorded when purchase orders are issued, but are not considered expenditures until liabilities for payments are incurred.

**STATE OF NEW MEXICO
CITY OF ALAMOGORDO
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2012**

Encumbrances do not lapse at the close of the fiscal year, but are carried forward until liquidated. Encumbrances are included in fund balance classification on the balance sheet according to the level of the constraint of the resources that will be used for the encumbrance.

H. Investments

Cash resources of the individual funds are combined to form a pool of cash and investments, which is managed by the Chief Financial Officer. Each fund's equity in the pooled cash and investments account is reported in the combined financial statements as cash and investments. Earnings on investments are allocated to the individual funds by a formula based on each fund's month-end equity in the pooled investments account. All earnings on investments are shown in the financial statements as interest income. Investments are generally stated at fair value in accordance with GASB 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*.

I. Cash and cash equivalents

For purposes of the statements of cash flows, all highly liquid assets with maturity of three months or less when purchased are considered to be cash equivalents. All cash and investments of the proprietary fund types are pooled with the City's pooled cash and investments.

J. Inventories

Inventories consisting primarily of materials and supplies held for consumption on a first-in, first-out basis. They are reported at cost, which is recorded as an expenditure at the time individual inventory items are used. Proprietary fund and similar component unit inventories are recorded at cost on a first-in, first-out basis.

K. Ad Valorem Taxes

Ad valorem taxes are levied each November 1st, on the assessed valuation of non-exempt real property located in the City as of the preceding January 1st, the lien date. Ad valorem taxes are due on November 10th following the levy date, although they may be paid in two equal installments. The first half is due by November 10th, the second installment is due April 10th, and tax installments become delinquent thirty days after the due date. Ad valorem taxes are collected by the Treasurer of Otero County, New Mexico, and are remitted to the City.

L. Compensated absences

City personnel policies allow for the accrual of vacation and sick leave. After a probationary period, City employees are allowed to use the time they have accrued.

The maximum number of accrued annual vacation hours, which may be carried forward to any new calendar year, varies from 18 hours to 240 hours, depending on the job classification and shift length of each employee. The maximum sick leave carry forward is unlimited.

M. Accounting applications

The City's major financial recording cycles are computer generated.

**STATE OF NEW MEXICO
CITY OF ALAMOGORDO
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2012**

N. Interfund transactions

During the course of normal operations, the City has numerous transactions between funds, including expenditures and transfers of resources to provide services, construct assets, and service debt. The accompanying combined financial statements reflect such transactions as operating transfers.

O. Net assets/fund equity classifications

Government-wide Statements

Net assets on the Statement of Net Assets include the following:

1. Invested in capital assets- net of related debt—the component of net assets that reports the difference between capital assets and both the accumulated depreciation and the outstanding balance of debt, excluding unspent proceeds, that is directly attributable to the acquisition, construction or improvement of these capital assets.
2. Restricted net assets—consist of net assets with constraints placed on the use by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation or federal law.
3. Unrestricted net assets—all other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

Fund Statements

In the governmental fund financial statements, fund balances are classified as nonspendable, restricted, or unrestricted (committed, assigned, or unassigned). Restricted represents those portions of fund balance where constraints placed on the resources are either externally imposed or imposed by law through constitutional provisions or enabling legislation. Committed fund balance represents amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of City Commissioners. Assigned fund balance is constrained by the City’s intent to be used for specific purposes.

Proprietary fund equity is classified the same as in the government-wide statements.

P. Spending Policy

When an expenditure/expense is incurred for purposes for which both restricted and unrestricted resources are available, it is the City’s policy to use restricted resources first. When expenditures/expenses are incurred for purposes for which unrestricted (committed, assigned and unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the City’s policy to spend committed resources first.

Q. Indirect expenses

The City allocated indirect expenses primarily comprised of central governmental services to operating functions and programs benefiting from those services. Central services include overall City management, centralized budgetary formulation and oversight, accounting, financial reporting, payroll, procurement contracting and oversight, investing and cash management, personnel services, and other

**STATE OF NEW MEXICO
CITY OF ALAMOGORDO
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2012**

administrative services. Allocations are charged to programs based on use of the services determined by various allocation methodologies.

R. Accounting estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 – CASH AND INVESTMENTS

Cash

Cash includes cash in banks with various financial institutions. As of June 30, 2012, the amount of cash reported on the financial statements differs from the amount on deposit with the various institutions because of transactions in transit and outstanding checks. The locations and amounts deposited at each of the financial institutions are as follows:

	1st National Bank	Wells Fargo Bank	1st National Ruidoso	NMFA
Total amount of deposits in bank	\$ 4,281,522	25,293,196	3,962	17

**STATE OF NEW MEXICO
CITY OF ALAMOGORDO
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2012**

Investments

Investments consisted of the following as of June 30, 2012:

Investment Type	Fair Value
State Treasurer's Investment Pool	\$ 15,326,966
CDs and other	21,837,931
Federal Home Loan Notes	24,311,706
Total	\$ 61,476,603

In compliance with Governmental Accounting Standards Board Statement No. 31, the City's investments are stated at fair value, except for highly liquid market investments with maturities of one year or less at the time of purchase, which are stated at amortized cost. Market value is used for those securities for which market quotations are readily available. For securities that lack readily available market quotations, reasonable estimates of fair value are used based on the market value of similar investments. The City generally holds all investments until maturity or until market values equal or exceed cost. Therefore, the fair value of securities in the investment pool does not necessarily reflect realized gains or losses but rather the fair value of those investments as of June 30, 2012.

New Mexico State Statutes authorize the creation of the short-term investment fund in the New Mexico State Treasury. The Statutes authorize the State Treasurer to pool monies received from local public bodies for investment purposes with public monies under control. The purpose of the local short-term fund is to provide a voluntary investment alternative for local political subdivisions to realize the maximum return consistent with safe and prudent management. The City invested \$15,326,966 as of June 30, 2012 within the short-term investment fund pool. The yield at June 30, 2012 was .217%. The local short-term investment fund, along with other public monies in the State Treasurer's investment account, is invested in repurchase agreements secured at 102% by U.S. Government Securities. The State Treasurer has the responsibility to pledge collaterals at 102% of investment balances for the City. All investing is performed in accordance with State Statutes and the City Charter. For more information, refer to separately issued financial statements for the State Treasurer, which disclose the collateral pledged to secure the State Treasurer's cash and investments.

The investments are valued at fair value based on quoted market prices as of the valuation date. The State Treasurer Local Government Investment Pool is not SEC registered. Section 67-10-10 I, NMSA 1978, empowers the State Treasurer, with the advice and consent of the State Board of Finance, to invest money held in the short-term investment fund in securities that are issued by the United States government, or by its departments or agencies and are either direct obligations of the United States, or are backed by the full faith and credit of the United States government, or are agencies sponsored by the United States government. The Local Government Investment Pool investments are monitored by the same investment committee and the same policies and procedures that apply to all other state investments. The pool does not have unit shares. Per Section 6-10-10.1F, NMSA 1978, at the end of each month all interest earned is distributed by the State Treasurer to the contributing entities in amounts directly proportionate to the respective amounts deposited in the fund and the length of time the fund amounts were invested. Participation in the local government investment pool is voluntary.

**STATE OF NEW MEXICO
CITY OF ALAMOGORDO
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2012**

The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The LGIP's portfolio's weighted average maturity (WAM) is a key determinant of the tolerance of a fund's investment to rising interest rates. In general, the longer the WAM, the more susceptible the fund is to rising interest rates. As of June 30, 2012, the LGIP WAM(R) was 60 days.

State law limits investments in commercial paper, corporate bonds, and mutual bond funds to the top two ratings issued by nationally recognized statistical rating organizations. The City has no investment policy that would further limit its investment choices. As of June 30, 2012, the City's investment in the New MexiGROW Local Government Investment Pool (LGIP) was rated AAAM by Standard & Poor's.

The City places no limit on the amount it may invest in any one issuer. More than 5 percent of the City's investments are in the State LGIP, Federal Home Loan notes, and commercial certificates of deposit. These investments are 25%, 40%, and 36%, respectively, of the City's total investments.

The Federal Home Loan notes are all backed by the full faith and credit of the U.S. government and are therefore insured against loss.

FDIC advisory opinion 94-24 states that public funds are entitled to \$100,000 insurance for time or savings deposits (including bank money market accounts) and \$100,000 for demand deposits deposited within the state in compliance with 12 CFR Subsection 330.15. Congress has temporarily increased FDIC deposit insurance from \$100,000 to \$250,000 per depositor through December 31, 2013; public funds held in time and savings accounts are entitled to \$250,000 coverage, and separately, all non-interest bearing demand deposits owned by a public unit have unlimited coverage. Changes have also been made to other account types. For more information, visit www.fdic.gov.

NOTE 3 – COLLATERALIZATION OF CITY DEPOSITS

In accordance with the City of Alamogordo Investment Policy Section 30-02-030, any financial institution designated as a City depository shall deliver securities of the type specified in Section 6-10-16 NMSA, 1978, or a joint safekeeping receipt therefore to the investment officer in an aggregate value equal to one-half the amount of the City money to be received, in accordance with subsection B of Section 6-10-16 NMSA, 1978 (Ord. No. 722, 10-23-87).

Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City's deposit policy is to collateralize one half of the uninsured public money in each account. As of June 30, 2012, the City's bank and investment balances of \$73,741,794, which includes the component units, were exposed to custodial credit risk as follows:

Uninsured and uncollateralized	\$	-
Uninsured and collateral held by pledging bank's trust department, not in the City's name		4,555,105
	Total \$	<u><u>4,555,105</u></u>

NOTE 4 – INTERFUND BALANCES AND TRANSFERS

Interfund receivables and payables are amounts due from and to other funds within the City. The interfund payables are due to interfund borrowing between funds for operating purposes. Interfund balances as of June 30, 2012, are as follows:

<u>Fund Description</u>	<u>Fund Number</u>	<u>Interfund Receivables</u>	<u>Interfund Payables</u>
Water & Sewer - Major Fund	081	\$ 502,747	
General - Major Fund	011		502,747
General - Major Fund	011	163,283	
Bonito Lake - Major Fund	088		163,283
General - Major Fund	011	1,101,912	
Various non-major funds			1,101,912
		<u>\$ 1,767,942</u>	<u>1,767,942</u>

The interfund receivables are expected to be paid in the current year.

Transfers and payments within the reporting entity are substantially for the purpose of subsidizing operating functions and funding capital projects, namely street projects. All transfers made during the year were considered routine and were consistent with the general characteristics of the City's transfer.

The details of interfund transfers during fiscal year 2012 are provided on the following page.

General obligation bonds issued for governmental activity purposes are liquidated by the debt service funds. Revenue bonds issued for governmental activities are liquidated by the debt service funds. Promissory notes issued for governmental activities are repaid from special revenue funds related to the promissory notes' purpose. General obligation, revenue bonds and promissory notes issued for business-type activities or by component units are repaid from those activities or component units.

Advance Refundings

1998 Joint Water & Sewer Revenue Bonds — On November 18, 2011, the City issued \$9,812,674 of Revenue Bonds, Series 2011, with an average interest rate of 3.073%. The bonds consist of serial bonds bearing various fixed rates ranging from 0.26% to 3.8% with annual maturities from June 2012 through June 2031. The net proceeds of \$9,737,674 (after processing fees of \$75,000) were used to advance refund bonds with a total principal amount of \$2,880,00 and an average interest rate of 4.881238%. The purchaser of the bonds, the New Mexico Finance Authority, transferred \$9,064,536, representing the amount payable at closing less the debt service reserve fund of \$673,138, to the Bank of New York Mellon Trust Company, N.A. for the City of Alamogordo. The Bank transferred the net proceeds to the City of Alamogordo to pay off the refunded bonds. As a result, the refundable bonds are considered to be defeased, and the related liability for the banks has been removed from the City's liabilities.

The advance refunding was done in order to reduce debt payments and to secure additional funds of \$6,120,000 for making wastewater treatment plant improvements and paying related professional fees. Costs for the issuance of the new debt was \$120,000. The advance refunding transaction resulted in an economic gain (difference between the present value of the debt service on the old and the new bonds) of approximately \$311,597.

2002 GRT Revenue Bonds — On February 17, 2012, the City issued \$8,130,000 of Revenue Bonds, Series 2012, with an average interest rate of 2.622%. The bonds consist of serial bonds bearing various fixed rates ranging from 0.20% to 3.52% with annual maturities from June 2012 through June 2027. The net proceeds of \$8,055,000 (after processing fees of \$75,000) were used to advance refund bonds with a total principal amount of \$3,728,997 and an average interest rate of 3.836066%. The purchaser of the bonds, the New Mexico Finance Authority, transferred \$8,055,000 to the Bank of New York Mellon Trust Company, N.A. for the City of Alamogordo. The Bank transferred the net proceeds to the City of Alamogordo to pay off the refunded bonds. As a result, the refundable bonds are considered to be defeased, and the related liability for the banks has been removed from the City's liabilities.

**STATE OF NEW MEXICO
CITY OF ALAMOGORDO
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2012**

The advance refunding was done in order to reduce debt payments and to secure additional funds of \$4,326,003 for capital quality of life improvement projects. Costs for the issuance of the new debt was \$65,000. The advance refunding transaction resulted in an economic gain (difference between the present value of the debt service on the old and the new bonds) of approximately \$208,195.

General Obligation Bonds

General obligation bonds have been approved by the voters and issued by the City for various municipal improvements. These bonds are to be fully paid within 15 to 20 years from the date of issue and are backed by the full faith and credit of the City. General obligation bonds issued by the City and reported as liabilities of the City's governmental activities are:

Series	Issue Amount	Maturity Date	Average Coupon Rate	Year-end Balance
2011	\$ 2,000,000	2020	5.86%	\$ 1,232,000
2010	920,000	2029	4.05%	835,800
Total				\$ <u>2,067,800</u>
Amount due within one year				\$ <u>176,100</u>

General obligation bonds issued by the City and reported as liabilities of the City's business –type activities are:

Series	Issue Amount	Maturity Date	Average Coupon Rate	Year-end Balance
2010	\$ 6,500,000	2029	4.05%	\$ <u>6,129,200</u>
Amount due within one year				\$ <u>228,800</u>

Revenue Bonds

The City has issued revenue bonds, where the City pledges income derived from certain assets or programs to pay debt service. Revenue bonds outstanding consist of debt issued by the City, its authorities, and its trusts. Revenue bonds issued in prior years and reported as liabilities of the City's governmental activities are:

Purpose	Series	Issue Amount	Maturity Date	Average Coupon Rate	Year-end Balances
Public works improvements	2012	8,130,000	2027	3.84%	7,505,000 *
Public works improvements	2004	5,405,000	2019	3.51%	3,385,000
Total					\$ <u>10,890,000</u>
Amount due within one year					\$ <u>835,000</u>

* Bond refunding in 2012

The revenue bonds in the City's governmental activities are payable from gross receipts tax collections.

**STATE OF NEW MEXICO
CITY OF ALAMOGORDO
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2012**

Revenue bonds issued in prior years and reported as liabilities of the City's business-type activities are:

Purpose	Series	Issue Amount	Maturity Date	Average Coupon Rate	Year-end Balances
Improve water/sewer system	2011	\$ 9,812,674	2031	3.07%	\$ 9,505,034 *
Improve water/sewer system	2005	5,530,000	2025	4.00%	4,060,000
		Total			\$ 13,565,034
					Amount due within one year
					\$ 580,132

* Bond refunding in 2012

The revenue bonds in the City's business-type activities are payable from the net revenues of the City's Joint Water and Sewer System.

Promissory Notes

The City has outstanding loans with the New Mexico Finance Authority (NMFA) that are secured by a security interest in the City's distributions from the State of New Mexico fire protection fund and generally requires semi-annual principal and interest payments.

Promissory notes reported as liabilities of the City's governmental activities are:

Purpose	Date of Issuance	Amount	Maturity Date	Average Coupon Rate	Year-end Balances
Construction of fire station	2000	\$ 572,223	2020	5.49%	\$ 307,669
Purchase of ladder truck	2004	455,000	2016	3.21%	168,904
Purchase of fire pumper	2009	196,910	2017	3.34%	129,003
Infrastructure - flood control	2009	3,620,000	2028	3.74%	3,215,000

Infrastructure - RO project	2011	2,735,456	2021	2.71%	2,156,281
Infrastructure - street projects	2011	7,640,000	2031	3.19%	7,510,000
		Total			\$ 19,856,857
					Amount due within one year
					\$ 1,147,544

The City has outstanding loans with the NMFA that are secured by a security interest in the City's receipts from the Municipal 0.250% Gross Receipts Tax enacted in 1987 and generally requires semi-annual principal and interest payments. Promissory notes issued by the City and reported as liabilities of the City's business-type activities are:

Purpose	Date of Issuance	Amount	Maturity Date	Average Coupon Rate	Year-end Balances
Infrastructure improvements	2006	\$ 730,453	2026	4.24%	\$ 574,843
Infrastructure improvements	2007	6,565,000	2029	2.00%	4,525,902
Infrastructure improvements	2009	5,340,000	2029	3.75%	4,795,000
Infrastructure -regional water	2010	1,127,000	n/a**	0.00%	1,016,816
		Total			\$ 10,912,561
					Amount due within one year
					\$ 281,387

** Dependent upon timing of project completion

**STATE OF NEW MEXICO
CITY OF ALAMOGORDO
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2012**

The total principal and interest payments for each fund type is as follows:

Fund Type	Principal	Interest	Total
Governmental funds	\$ 32,814,657	7,871,812	40,686,469
Business-type funds	30,606,796	10,482,319	41,089,115
	<u>\$ 63,421,453</u>	<u>18,354,131</u>	<u>81,775,584</u>

The legal debt margin as defined by state statutes limits the total general bonded debt of the City (excluding general obligation water bonds) to 4% of the assessed property value of the City. The City is not in violation of the legal debt margin.

Compensated Absences

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources has been and will continue to be reported as an expenditure and a fund liability of the governmental or enterprise fund that will pay it. Amounts of vacation leave that are not expected to be liquidated with expendable available financial resources are reported in the Government-Wide statements as "compensated absences".

NOTE 8 – RESTRICTED ASSETS – CASH AND INVESTMENTS

Water & Sewer Fund

As of June 30, 2012, three debt issuances carried in the water and sewer fund required restricted reserves, including \$412,853 restricted for the 2005 Water and Sewer Bond, \$403,656 restricted for the 2009 NMFA Water and Waste Water Loan, and \$673,138 restricted for the 2011 Joint Water and Sewer refunding and improvement projects. These amounts have been restricted in the water and sewer fund to meet debt covenants.

Public Housing Authority

The Housing Authority requires a reserve for tenant deposit and escrow accounts. The Housing Authority is in compliance with this restriction. Deposits for customer utilities of \$95,249 are restricted.

For the Year Ended June 30, 2012**

NOTE 10 – DEFICIT FUND BALANCE AND BUDGET NONCOMPLIANCE

The following funds had deficit fund balances at June 30, 2012:

<u>Fund Type</u>	<u>Fund No.</u>	<u>Amount</u>
Special revenue	15	\$ (17,427)
Special revenue	28	\$ (22,968)

Management anticipates future resources, in excess of anticipated expenditures, to eliminate negative balances. In addition, as noted in the schedule of findings and questioned costs, two exceptions to state budget controls were noted.

NOTE 11 – SURETY BONDS

The City maintains surety bonds for the following employees in the amounts of coverage listed below:

Employee Position	Coverage
Comptroller/Treasurer	\$ 100,000
Honesty/Blanket Bond	\$ 100,000

NOTE 12 – POST EMPLOYMENT BENEFITS – STATE RETIREE HEALTH CARE PLAN

Plan Description – The City of Alamogordo contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are: 1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person’s behalf unless that person retires before the employer’s RHCA effective date, in which the event the time period required for employee and employer contributions shall become the period of time between the employer’s effective date and the date of retirement; 2) retirees defined by the Act who retired prior to July 1, 1990; 3) former legislators who served at least two years; and 4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the postemployment healthcare plan. That report and further information can be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle NE, Suite 104, Albuquerque, NM 87107.

Funding Policy – The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer’s RHCA effective date or is a former legislator or

**STATE OF NEW MEXICO
CITY OF ALAMOGORDO
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2012**

former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. During the fiscal year ended June 30, 2012, the statute required each participating employer to contribute 1.666% of each participating employee's annual salary; each participating employee is required to contribute .8333% of their salary. In the fiscal years ending June 30, 2012 and June 30, 2013 the contribution rates for employees and employers will rise as follows:

For employees who are not members of an enhanced retirement plan the contribution rates will be:

<u>Fiscal Year</u>	<u>Employer Contribution Rate</u>	<u>Employee Contribution Rate</u>
FY13	2.000%	1.000%

For employees who are members of an enhanced retirement plan (state police and adult correctional officer coverage plan 1; municipal police member coverage plans 3, 4 and 5; municipal fire member coverage plan 3, 4 and 5; municipal detention officer member coverage plan 1; and members pursuant to the Judicial Retirement Act [10-12B-1 NMSA 1978]), during the fiscal year ended June 30, 2011, the statute required each participating employer to contribute 2.084% of each participating employee's annual salary, and each participating employee was required to contribute 1.042% of their salary. In the fiscal years ending June 30, 2012 and June 30, 2013 the contributions rates for both employees and employers will rise as follows:

<u>Fiscal Year</u>	<u>Employer Contribution Rate</u>	<u>Employee Contribution Rate</u>
FY13	2.500%	1.250%

Also, employees joining the program after 1/1/98 are required to make a surplus-amount contribution to the RHCA based on one of two formulas at agreed-upon intervals.

The RHCA plan is financed on a pay-as-you-go basis. The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the contributions can be changed by the New Mexico State Legislature.

The City of Alamogordo's contributions to the RHCA for the years ended June 30, 2012, 2011 and 2010 were \$201,845, \$186,391, and \$140,878, respectively, which equal the required contributions for each year.

**STATE OF NEW MEXICO
CITY OF ALAMOGORDO
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2012**

NOTE 13 – PENSION PLAN – PUBLIC EMPLOYEES RETIREMENT ASSOCIATION

Plan Description. Substantially all of the City’s full-time employees participate in a public employee retirement system authorized under the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978). The Public Employees Retirement Association (PERA) is the administrator of the plan, which is a cost-sharing multiple-employer defined benefit retirement plan. The plan provides for retirement benefits, disability benefits, survivor benefits and cost-of-living adjustments to plan members and beneficiaries. PERA issues a separate, publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to PERA, P.O. Box 2123, Santa Fe, NM 87504-2123. The report is also available on PERA’s website at www.pera.state.nm.us.

Funding Policy. Plan members are required to contribute from 4.0% to 16.65% of their gross salary depending upon the plan - i.e., state general, state hazardous duty, state police and adult correctional officers, municipal general, municipal police, municipal fire, municipal detention officer. The City of Alamogordo is required to contribute 9.51% to 23.45% of the gross covered salary depending upon the plan. The contribution requirements of plan members and the City are established in State statute under Chapter 10, Article 11, NMSA 1978. The requirements may be amended by acts of the legislature. The City’s contributions to PERA for the fiscal years ending June 30, 2012 , 2011 and 2010 were \$2,336,424, \$2,360,914 and \$2,360,750, respectively, which equal the amount of the required contributions for each fiscal year.

NOTE 14 – OTERO-GREENTREE REGIONAL LANDFILL

State and Federal laws and regulations require the Regional Landfill to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and post closure care costs will be paid only near or after the date that the landfill stops accepting waste, the Regional Landfill is required to report a portion of these closure and post closure costs as an operating expenses in each period based on landfill capacity used as of each balance sheet date.

The accrued landfill closure and post closure costs, as of June 30, 2012 are \$616,469 and the estimated total current cost of closure and post closure remaining to be recognized is \$250,625 (for a total of \$867,094).

The landfill currently holds a 92-acre permit. The permit is defined as land that may be disturbed. To date 39% of the landfill capacity has been used: 30 acres have been disturbed for solid waste disposal and 15 acres for landfill facilities. The landfill is averaging six years of use for every ten acres of land. The remaining acres should give approximately 28 more years of life before re-permitting is requested.

The landfill is required to set aside a predetermined amount of funds to cover any closure and post closure care. The City sets aside approximately \$26,000 to \$36,000 annually in investments. To date, the City has restricted \$616,469 in investments for this purpose.

The estimated closure and post closure care costs were originally determined in 1998 when the landfill applied for the operating permit. The closure and post closure costs are re-calculated annually to include inflation, actual landfill usage percentage, and any new regulatory requirements.

**STATE OF NEW MEXICO
CITY OF ALAMOGORDO
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2012**

The Environmental Protection Agency (EPA) required the landfill to obtain a permit under 20 NMAC 2.70 Title V. This permit requires the landfill to monitor and report emissions and particulates that are disbursed into the atmosphere. As the landfill continues to grow and monitoring requirements change, additional costs for closure and post closure care will need to be estimated in order for the City to accumulate the proper reserves and restrict sufficient funds to pay for the costs. As specified by 20.9.10.9.B NMAC the owner of each solid waste facility shall establish a financial assurance mechanism for closure of the facility in compliance with 20.9.10.13 – 20.9.10.23 NMAC. The owner shall provide continuous coverage for closure until released from financial assurance requirements by written verification issued by the secretary. The owner of a solid waste facility shall develop a detailed written estimate, in current dollars, of the cost of hiring a third party to close the largest area of the facility requiring closure under 20.9.6 NMAC.

NOTE 15 – RISK MANAGEMENT

The City's risk management activities are recorded in the Fleet Collision Self-Insurance Fund. The purpose of this fund is to administer general liability, auto liability, workers' compensation, civil rights (errors and omissions/personal injury), emergency medical liability, law enforcement liability, foreign jurisdiction, underground storage tanks, and volunteers. The City covers its insurance needs through the New Mexico Self Insurer's Fund. The premiums paid for June 30, 2012, 2011, and 2010 are \$654,547, \$689,984, and \$751,592 respectively. The risk of loss transfers to the Self Insurer's Fund under this plan.

The City began providing self-insurance for the City-owned vehicles for property damage during the fiscal year ended June 30, 1996. The City accounts for this plan through its Fleet Collision Insurance Fund. The City paid "premiums" into the fund of \$50,000 from July 1, 2011 to June 30, 2012.

All other insurance is provided by commercial insurance carriers in which risk of loss is transferred to the Insurance Company. Special assessment bonds and related interest costs are payable solely from assessments and interest collected from the property owners who benefit from respective improvements.

NOTE 16 – LEASE COMMITMENTS

The reporting entity has entered into a number of operating leases, which contain cancellation provisions and are subject to annual appropriations. The rent expenditures for these leases were primarily from the General Fund. Future minimum lease payments are:

For the Year Ended June 30	Machinery & Equipment
2013	\$ 43,943
2014	26,123
2015	24,964
2016	9,464
2017	-
Thereafter	-
Total	\$ 104,494

Lease expense for the year ended June 30, 2012 was \$135,128.

**STATE OF NEW MEXICO
CITY OF ALAMOGORDO
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2012**

NOTE 17 – FEDERAL GRANTS

In the normal course of operations, the City receives grant funds from various federal and state agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting funds. Any liability for reimbursement, which may arise as the result of these audits is not believed to be material.

NOTE 18 – LITIGATION

The City is party to various legal proceedings which normally occur in governmental operations. As of June 30, 2012 the City is involved in several lawsuits over water rights issues and contract compliance. Legal counsel has advised the City that an adverse ruling is probable; however, the loss is not estimable and therefore, no accrual has been recorded in these financial statements.

NOTE 19 – RESTATEMENT

The following restatements were made for the fiscal year ended June 30, 2012 to the City's Government-wide Governmental Activities; the restatement did not impact the governmental funds:

<u>Fund</u>	<u>Reason</u>	<u>Amount</u>
Governmental Activities	To remove debt liability transferred to Enterprise fund	\$ 40,500
	To remove capital assets transferred to Enterprise fund	(338,841)
		<u>\$ (298,341)</u>

The following restatement was made for the fiscal year ended June 30, 2012 to the City's water and sewer fund:

<u>Fund</u>	<u>Reason</u>	<u>Amount</u>
Water & Sewer	Transfer of capital assets from Governmental Activities	\$ <u>78,642</u>

**STATE OF NEW MEXICO
CITY OF ALAMOGORDO
FUND DESCRIPTIONS
FOR THE YEAR ENDED JUNE 30, 2012**

SPECIAL REVENUE FUNDS

Special Revenue Funds are created to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Funds included are:

Corrections (F15) – This fund accounts for fees imposed on individuals convicted of any offense relating to the operation of a motor vehicle. Funds must be used as specified by State law. This is also the fund where the City pays the County for prisoners at the Detention Center.

Tourism and Promotions (F16) – to account for various promotional and tourism attraction programs. NMSA 3-38-15.

Court Automation (F19) – to account for the collections and disbursement of penalty assessments to develop a statewide computer system for all Municipal Courts.

Lodgers Tax – City Share (F20) – to account for revenues generated through the use of the Civic Center. NMSA 3-38-25.

D.A.R.E. Donations (F21) – to account for revenues and expenditures designated for the educational programs provided by D.A.R.E. officers.

Designated Gift Fund (F22) – to account for receipts and disbursements of funds donated for designated purposes.

Capital Grant Improvement Fund (F24) – to account for receipts and disbursements of grant funds for capital projects.

Municipal Court (F27) – to account for collections and disbursements associated with traffic violations. NMSA 33-3-25.

Police Contingency (F28) – to account for revenues and costs associated with confiscated items and investigations programs. NMSA 7-12-15.

Perpetual Care/Cemetery (F31) – This fund is established to account for the accumulation of funds for the future maintenance of the cemetery.

Fire protection (F33) – to account for revenues accumulated by the State from taxes for the operation, betterment, and maintenance of local fire departments. NMSA 59A-53-1.

Law Enforcement Protection (F36) – to account for revenues received from the State for the equitable distribution to Municipal and County Police and Sheriff's Department for maintenance and improvements. NMSA 29-13-3.

State Highway Cleanup (F37) – to account for a grant from the New Mexico State Highway and Transportation Department for the keep Alamogordo Beautiful program. NMSA 67-15-1.

Traffic Safety Grant (F38) – This fund is created to account for fees attached to each penalty assessment and traffic conviction under the State Motor Vehicle Code. The monies are used for public outreach programs, educational activities and programs to promote traffic safety in our area.

1984 Gross Receipts Tax (F42) - to account for a one-quarter of one percent gross receipts tax used for the cost of maintenance and repairs of the City street. NMSA 1978 7-1-6.9.

Gross Receipts Tax (F69) – This fund serves as an income fund for ¼ of 1% Gross Receipts Tax Revenues which is pledged for repayment of the 1996 and 2002 Gross Receipts Tax Revenue Bonds.

Senior Center (F71) – to account for grants and user fees to provide services for persons 60 and over. (State Grant and City Ordinance).

**STATE OF NEW MEXICO
CITY OF ALAMOGORDO
FUND DESCRIPTIONS
FOR THE YEAR ENDED JUNE 30, 2012**

SPECIAL REVENUE FUNDS — (continued)

Senior Center Gift Fund (F74) – This fund is created to account for donations and proceeds from fund raising events. Expenditures are restricted to building improvements or special events.

Retired and Senior Volunteer Program (F75) – to account for grants used to recruit, train and place Senior Volunteers throughout Otero County. Domestic Volunteer Service Act of 1973; PL 93-113.

ESGRT .0625%/Convenience Center (F89) – to account for the Environmental Gross Receipts Tax that is used for the activities of the Convenience Center. NMSA 7019D-10.

DEBT SERVICE FUNDS

General Obligation (Property Tax) (F53) – The purpose of this fund is to account for servicing of principal and interest requirements on the 1990 General Obligation Sanitary Sewer Bonds and the 1996 General Obligation Sanitary Sewer Refunding Water Improvement Bonds. Property tax revenues secure these bonds.

2000 Fire Services Bond (Property Tax) (F103) – The purpose of this fund is to account for servicing of principal and interest requirements on the refunding of the Series 2000 GO.

CAPITAL PROJECTS FUNDS

The Capital Projects Fund accounts for all resources used for maintaining, improving, acquiring and/or constructing of City facilities, except those financed by Enterprise Funds.

Funds included are:

Airport Improvements (F40) – to account for the state and federal funding for the Airport Pavement Rehabilitation.

Community Development Block Grant (CDBG) (F48) – to account for funds used for community housing rehabilitation and infrastructure projects for low to moderate-income families.

1986 Gross Receipts Tax (F49) – to account for one-quarter of one percent gross receipts increments dedicated for the cost of maintenance, repairs and activities related to the treatment of water facilities.

Property Acquisition (F50) – to account for funds used to acquire needed right-of-way and easements, as well as provide for expenditures involved in the disposition of City property and maintenance of City rental property.

Reverse Osmosis Project Reserve (F54) – This fund is established to receive the monies that are being “paid back” to the GO Bond Fund which were borrowed to fund the covers and linings on the reservoirs at La Luz.

Alamogordo Flood Control (F56) – to account for bond proceeds for the purpose of paying for flood control.

Municipal Infrastructure (F61) – to account for the one-sixteenth of one-percent gross receipts tax dedicated for the payment of special obligation bonds used for repairs, maintenance and acquisition of infrastructure improvements.

Economic Development (F105) – to account for projects that are not funded from specific revenue dedications.

RPS RSV Flood Control (F106) – This fund is created to account for the bond proceeds for the purpose of providing flood protection to the city.

**STATE OF NEW MEXICO
CITY OF ALAMOGORDO
FUND DESCRIPTIONS
FOR THE YEAR ENDED JUNE 30, 2012**

CAPITAL PROJECTS FUNDS — (continued)

1999 Gross Receipts Tax Flood Control (F56) – to account for bond proceeds for the purpose of paying for flood control.

2002 GRT (F108) – The purpose of this fund is to account for the refunding and discharging the outstanding 1994 Gross Receipts Tax Revenue Bonds and the City's flood control system, public buildings, land for open space, public parks, public recreational buildings or other recreational facilities and equipment for street maintenance.

2004 Gross Receipts Tax Capital Outlay (F109) – to account for ¼ of 1% gross receipts tax dedication adopted in 2004 to be used for construction, reconstruction or improvement of municipal streets, alleys, roads or bridges, including acquisition of rights of way.

2009 General Obligation Bond (F113) – The 2009 Sewer Improvement Bond Acquisition was issued to provide funds for the purpose of financing the construction and improvement of a Sewer Plant.

Sidewalk Revolving Loan Fund (F114) – This fund provides the City with an accounting of loans financed through the City for qualified property owners for the replacement or repair of sidewalks, curb cuts and driveway ramps.

Regional Water Supply Transmission Fund (F116) – This fund accounts for the Water Trust Board Grant (#80), and a related NMFA loan, which finance the cost of approximately 15 miles of pipeline.

FIDUCIARY FUNDS

Police Court Bond Fund (F17) – This fund is established to account for collection, holding and reimbursement of jail bonds.

State Judicial Fund (F39) – This fund is established to account for collection, holding and reimbursement of judicial revenues and expenditures.

Public Housing Authority-Clearing Account (F92) – This account is created to account for disbursements processed for the Public Housing Authority by the City of Alamogordo.

US Army Corps of Engineers (F115) – This account is created to account for the escrow funds of the US Army Corps of Engineers. The interest earned on this account is transferred to the General Operating account and receipted into Fund 56 (1999 GRT Flood Control).

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Mr. Hector Balderas,
New Mexico State Auditor
and
The Honorable Mayor
Susie Galea
and
City Commission of the City of Alamogordo
Alamogordo, New Mexico

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, the budgetary comparisons for the general fund and major special revenue funds, the aggregate remaining fund information, and the combining and individual funds including budgetary comparisons presented as supplementary information of the City of Alamogordo, New Mexico, (the City) as of and for the year ended June 30, 2012, and have issued our report thereon dated November 29, 2012. We conducted our audit in accordance with auditing standards general accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the City is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control over financial reporting that we consider to be a material weakness.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material

AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS,
continued**

November 29, 2012

misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying *schedule of findings and questioned costs* to be a material weakness: 07-06.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Alamogordo, State of New Mexico's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying *schedule of findings and questioned costs* as item: 12-01.

The City of Alamogordo, State of New Mexico's response to the findings identified in our audit is described in the accompanying *schedule of findings and questioned costs*. We did not audit City of Alamogordo, State of New Mexico's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, the City Commission, Legislative Finance Committee, Department of Finance and Administration, the State Auditor, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Mr. Hector Balderas,
New Mexico State Auditor
and
The Honorable Mayor
Susie Galea
and
City Commission of the City of Alamogordo
Alamogordo, New Mexico

Compliance

We have audited the City of Alamogordo, State of New Mexico's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the City of Alamogordo, State of New Mexico's major federal programs for the year ended June 30, 2012. The City of Alamogordo, State of New Mexico's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the City of Alamogordo, State of New Mexico's management. Our responsibility is to express an opinion on the City of Alamogordo, State of New Mexico's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Alamogordo, State of New Mexico's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City of Alamogordo, State of New Mexico's compliance with those requirements.

In our opinion, the City of Alamogordo, State of New Mexico, complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2012.

November 29, 2012

**REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD
HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN
ACCORDANCE WITH OMB CIRCULAR A-133, continued**

Internal Control Over Compliance

Management of the City of Alamogordo, State of New Mexico, is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City of Alamogordo, State of New Mexico's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of City of Alamogordo, State of New Mexico's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

City of Alamogordo, State of New Mexico's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit City of Alamogordo, State of New Mexico's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the City Commission, management, Legislative Finance Committee, Department of Finance and Administration, the State Auditor, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**STATE OF NEW MEXICO
CITY OF ALAMOGORDO
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
For the Year Ended June 30, 2012**

PRIOR YEAR FINDINGS

**07-06 – SAS 115 MATERIAL ADJUSTMENTS BY AUDITOR –
REVISED/REPEATED – Material weakness**

Statement of Condition

According to Statement on Auditing Standards 115 (SAS 115) identification by the auditor of a material misstatement of the financial statements under audit, in circumstances that indicate that the misstatement would not have been detected by the entity's internal control, is considered a material weakness. This is a revised finding that has been repeated in the City's audit since FY07. Specifically, in FY12, the auditor made material adjustments to:

- properly record debt-related transactions in the enterprise funds, and
- accrual of property taxes.

In prior years (FY07 to FY11), material adjustments were also identified in the following areas:

- adjustments to reconcile fund balance (FY11),
- adjustments to properly record debt and related transactions (FY11, FY07),
- adjustments to properly record capital assets (FY10, FY09, FY07),
- adjustments to reconcile the activity in the Public Housing Authority funds (FY10),
- adjustments to properly record a capital lease (FY09),
- adjustments to properly accrue accounts payable (FY08),
- adjustments to properly record inventory (FY08)
- adjustments to properly record bond issuance costs (FY07), and
- adjustments to properly record interfund transactions related to capital outlay costs and capital asset transfers (FY07, FY09).

Criteria

Some of the key underlying concepts of SAS 115 include:

- The auditor cannot be part of a client's internal control because becoming part of a client's internal control impairs auditor independence;
- The auditor's work is independent of the client's internal control over financial reporting, and the auditor cannot be a compensating control for the client; and
- A system of internal control over the financial reporting does not stop at the general ledger – it includes controls over the presentation of the financial statements.

Recording adjustments is considered a significant process of internal control and should be performed by City staff.

Effect

An internal control weakness in maintaining the general ledger exists because material adjustments were identified by the auditor and not by City staff. As a result, periodic financial statements reviewed by management and the governing body may be materially inaccurate.

**STATE OF NEW MEXICO
CITY OF ALAMOGORDO
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
For the Year Ended June 30, 2012**

Cause

Internal control procedures were not effective in identifying and correcting material errors.

Recommendation

We recommend that the City make adjustments to their general ledger in a timely manner.

Management Response

We concur with the independent auditors' recommendations and plan to strengthen our adjusting journal entry internal controls, in addition to acquiring appropriate training for general ledger staff.

CURRENT YEAR FINDINGS

12-01 – EXCEPTIONS TO BUDGET CONTROLS – State Audit Rule

Statement of Condition

Two exceptions in budget controls were noted, including:

- Fund 053 (Debt Service fund) – the fund recorded actual transfers in of \$227,760 and actual transfers out of \$109,669, although no transfers were included in the fund's final budget; and
- Fund 116 (Capital Project fund) – the fund's actual activity included a deficiency in revenues and other financing sources over expenditures and other financing uses of (\$548,951), and no fund balance (cash basis) was available to absorb the deficiency.

Criteria

Chapter 6, Article 6 of the New Mexico Statutes Annotated (NMSA) 1978 requires the Local Government Division (LGD), Financial Management Bureau of the New Mexico Department of Finance and Administration to make rules and regulations relating to budgets, records, reports, and the disbursement of public monies, including transfers between funds. Sections 6-6-6 through 6-6-11 NMSA 1978 Compilation prohibits local governments from making expenditures in excess of the approved budget. The LGD interprets Section 6-6-6 to apply to a fund's total budget; if a fund's total budget is overspent, then the fund is not in compliance with Section 6-6-6.

Effect

The City is in violation of budget controls established for municipalities of the State of New Mexico.

**STATE OF NEW MEXICO
CITY OF ALAMOGORDO
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
For the Year Ended June 30, 2012**

Cause

- For fund 053, the City's actual activities in the fund did not comply with the budget that was adopted. The entries that did not comply with the final budget appear to be internal "13th period" entries and recorded to balance cash between funds.
- The budget for fund 116 assumed loan proceeds during the fiscal year, which were not received by year-end. However, the budgeted expenditures occurred in the fund, resulting in the deficiency. The City did not adjust the final budget to record an inter-fund transfer to absorb the deficiency.

Recommendation

We recommend that the City improve controls to prevent unbudgeted transfers and the over-expenditure of fund resources.

Management Response

We concur with the independent auditors' recommendations and plan: 1) to amend our monthly and quarterly budgetary compliance worksheet (which includes a comparison of budgeted revenues and projected expenditures) to include another section that calculates the net cash balance available in each fund; and 2) to obtain budget resolutions to timely correct any fund deficiencies discovered while evaluating net cash balances in each fund.

PREPARATION OF THE FINANCIAL STATEMENTS

Presentation: The accompanying financial statements are the responsibility of the City and are based on information from the City's financial records. Assistance was provided by Hinkle + Landers, PC to the City in preparing the financial statements.

**INDEPENDENT AUDITORS' REPORT
FINANCIAL DATA SCHEDULE**

Mr. Hector Balderas,
New Mexico State Auditor
and
The Honorable Mayor
Susie Galea
and
City Commission of the City of Alamogordo
Alamogordo, New Mexico

We were engaged to perform an audit in accordance with OMB Circular A-133, Audits of States and Local Governments, and Non-Profit Organizations, for the City of Alamogordo, as of and for the year ended June 30, 2012, and have issued our report thereon dated November 29, 2012.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements, the combining and individual fund financial statements, and the budgetary comparisons. The accompanying Financial Data Schedule is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.
