

Giving Back Is Good For You, Too

Older Americans who volunteer frequently live longer and report better health. Volunteering can also lead to more friendships and a more positive attitude.

I was a physician and I now work with the Meals on Wheels program to make sure the meals are meeting the nutritional needs of the recipients.

RSVP Means Results

Your time is valuable, and we maximize every minute. Our highly structured program focuses on making a tangible difference. National performance measures guide our efforts and ensure your work contributes to real, lasting change in your community. We'll prepare you for success with pre-service orientation and training from the organization where you will serve. You'll even receive supplemental insurance while you're in service.

Spotlight

West, Texas

On the night of April 17, 2013, the West Fertilizer Company in West, Texas exploded. The explosion devastated this small community of 2,800. The RSVP volunteers were some of the first to help the people of West begin to recover.

On the night of the explosion, Lana Donaghe, RSVP volunteer, opened the doors of the West Senior Center and stayed there all night, supporting survivors and first responders.

In the weeks after, RSVP volunteers began managing the Long Term Recovery Center, a one-stop site in downtown West where those affected by the blast could receive assistance with case management, food, electricity and housing concerns.
