## PUBLIC SERVICE ANNOUNCEMENT

**CITY OF ALAMOGORDO**

# City of Alamogordo

## Weeds around the City of Alamogordo

**Alamogordo, NM Friday, May 22, 2020** Greetings citizens of Alamogordo, lately we have had numerous calls regarding weeds in and around our beautiful city. Unfortunately, during the recent and on-going Covid-19 pandemic, City crews were reduced to essential for life operations such as water, wastewater, solid waste and a few other critical to life operations. Even with those, we were working with skeleton crews to protect City employees. We regret that weeds have started to overtake a great portion of our city and with the phase 1 opening of our state, City crews are starting to resume some normal operations, but only at 50% as mandated by the state. Public Works Weeds & Drainage along with Community Services Parks division are working hard to once again regain a measure of control of weed growth around the city. We ask that you please be patient as we are trying to tackle this difficult task of maintaining the city medians as well as parks, golf course, drainage ditches and city property. We have all had to endure and perform to the best of our abilities during this time and we appreciate your patience with the city as we start to emerge back to operations of more than just essential services. Thank you.
