## PUBLIC SERVICE ANNOUNCEMENT

**CITY OF ALAMOGORDO**

# City of Alamogordo

## Replacement of Faded Street Signs Continues

**Alamogordo, NM Tuesday, August 18, 2020** Please be aware that City crews are continuing to complete the huge task of replacing all of the faded street signs throughout our community. This is an ongoing process and the task is large, so it will take some time to complete the project.

The City of Alamogordo knows the importance of having easily readable street signs throughout our community. Due to extreme sun and heavy winds (creating a sandblasting effect), signs sometimes fade more quickly than we would like. With the current restrictions set in place by the New Mexico Department of Health through the Public Health order, the replacement timeline for these signs has been lengthened.

We appreciate your understanding as we continue the sign replacement process. If you are interested in reporting a faded or missing street sign you can visit our website to complete the online form at <http://tiny.cc/fadedstreetsign>. Thank you for your understanding as we continue to work to improve the City of Alamogordo.
