National School Bus Safety Week

October 21-25, 2019

School bus transportation plays a critical role in the education of our students and is the direct link between a neighborhood and the classroom. Several of our students ride the yellow bus every school day and National School Bus Safety Week serves as a reminder for students, parents, teachers and the community to keep school bus safety in the forefront. Here are tips to keep our children safe at the bus stop.

For Drivers

Bus Lights - School buses use yellow flashing lights to alert motorists that they are preparing to stop. An extended stop sign signals that children are getting on or off.

Give them Room - Children are in the most danger in the 10 foot area surrounding a school bus. Stop far enough from the bus to allow the necessary space to safely enter and exit the bus.

Passing - It is illegal in all 50 states to pass a school bus that is stopped. **NEVER** pass a school bus on the right.

Look Out - Take extra care to look out for children in school zones, residential areas, playgrounds and parks.

For Students and Parents

- Wear bright colors so the bus driver and others can see you.
- Walk to the bus stop with a friend or parent. Don't talk to strangers on the way.
- Cross crosswalks corners. streets only at or street
