## CENSUS 2020

### WHAT TO EXPECT

The questions for the 2020 Census are simple and they allow the Census Bureau to create estimates or statistics, and help programs designed for families that have different age ranges, and genders. This data can also be used to enforce laws, regulations, and policies against discrimination. Here is a sample of the information they may require:

- How many people are living or staying at your home on April 1, 2020.
- Whether the home is owned or rented.
- About the sex of each person in your home.
- About the age of each person in your home.
- About the race of each person in your home.
- About whether a person in your home is of Hispanic, Latino, or Spanish origin.
- About the relationship of each person in your home.
