Alamogordo Public Schools

Welcome back to school, we're happy to have you back! The start of the school year is upon us, but the COVID-19 pandemic is still with us as well. What does this mean for the students, teachers, and staff of Alamogordo Public Schools? The New Mexico Department of Education set forth guidance earlier this summer for returning to classroom instruction with a hybrid model, but due to risks perceived by our New Mexico Governor the decision has been made to start the school year completely online in a virtual setting.

Alamogordo Public Schools has striven to provide the best possible education to your children in these trying times and has put together fall schedules for this virtual learning environment. These schedules and an explanation of these schedules are available at our website at www.alamogordoschools.org. Just click on the banner picture for "APS Fall Academy and Campus Schedules" to get an in depth explanation and to see all the schedules. We love our community, our students, and our parents, and we want to provide the best possible learning environment to all of our students. We look forward to seeing our students' smiling faces in person, but in the meanwhile welcome back to the virtual classroom.

*Surgical Associates of Alamogordo
welcomes Dr. Gurmendi!*

Alfredo F. Gurmendi, M.D., F.A.C.S. is a diplomat of the American Board of Surgery and the American Board of Thoracic Surgery. He studied medicine at the University of Texas Medical School at Houston, and completed his residency in General Surgery at the Texas Medical Center. Much of that residency was spent at M.D. Anderson Cancer Center.

The challenge of performing technically demanding operations on very sick patients and seeing them return back home safely inspired Dr. Gurmendi to complete a second residency in Thoracic Surgery at the University of Oklahoma. He then went on to become the first Minimally Invasive Surgery Scholar at Boston University.

Dr. Gurmendi is also a member of the Society of Thoracic Surgeons; the Southern Thoracic Surgical Association; the New Mexico Medical Society; the Texas Medical Association and he is a Fellow of the American College of Surgeons.
