*The Rehabilitation Center of Alamogordo welcomes Dr. Lisa Barrett!*

Dr. Barrett completed her residency in Physical Medicine & Rehabilitation at Johns Hopkins University, Baltimore, Maryland. She has over 13 years of experience in the medical management of inpatients with acute and chronic conditions. She comes to Alamogordo after several years of practicing in El Paso, Texas.

Dr. Barrett is excited to join the rehabilitation team at Gerald Champion Regional Medical Center. She looks forward to the opportunity to grow the center to its full potential, offering a comprehensive rehabilitation program to the community. Dr. Barrett is passionate about offering patient centered care working with her patients to maximize their independence.

The vision for the rehabilitation center is to increase services in orthopedic recovery, complicated medical issues and expanding services in neurology; including stroke, traumatic brain injury, multiple sclerosis and Parkinson's disease. Dr. Barrett is exploring the opportunity to offer outpatient neurorehabilitation services later this year. She feels the unit has committed staff who prefer to see patients remain in their community, incorporating the family in their recovery.

Dr. Barrett's father is career army, which brought her to Fort Bliss in El Paso. In her spare time, she enjoys playing golf and learning languages.
