Alamogordo Public Schools

Happy New Year! Alamogordo Public Schools hopes you had a wonderful holiday season and welcomes you back to class, although still virtually. While a vaccine to the

Covid-19 virus appears to be right around the corner and the state has gone to a county by county, three step red, to yellow, to green process in opening up a path to normalcy, for the time being Otero county is in red and our schools remain online.

However, there are some tools available to our school district that can help in these troubled times. One of these is Kickboard. What is Kickboard? As the app describes itself it is, "A tool for teachers and administrators to collect, analyze, and share data regarding their students' academic and behavioral performance." Using Kickboard offers school-wide consistency in student expectations, and reinforces positive behavior choices in real time. If you are interested in this app, contact your school administrator for more information.

Another tool available to us is BASE Education. BASE is the, "world's first fully remote... evidence based, Social Emotional Learning Platform." With BASE Education, "...it's never been easier to reach your students."

We are dedicated to making the school year a success and to give our students the best education possible. Let's make 2021 fantastic.
