100% Community OTERO Access to public transportation programs can support healthy families and prevent instability that can lead to child neglect, substance misuse, domestic violence and lack of job readiness and placement.

The Transportation Team of 100% Otero is investigating alternatives such as walking, biking and car sharing. The team is in the preliminary stages of using a combination of neighborhood-level grassroots organizing and city-wide advocacy to push for changes in public policy, street design, enforcement, and resource allocation to transform our city's streets for better, safer walking and biking.

Our Team continues to explore our community's transportation needs and eligibility requirements for resources. The Transportation Team meets monthly and encourages new attendees. Contact Nadia Sikes at 575-491-7910 to become a part of our Team.

Code Enforcement

Of all the complaints and violations that Code Enforcement addresses, the most common complaint is weeds. Its hard not to see why, they are unsightly, cause problems with allergies and can be a haven for pests. The city ordinance prohibits weeds or unsightly growth over 6 inches. Residents are responsible for the area extending from the street curb to the center of the alley. Help make the city healthier and more attractive by keeping the weeds down. **Ordinance 26-03-030. - Unlawful growth or accumulation on lots.**
