## Water Service Line Survey

The nation's community water departments have been mandated by the Environmental Protection Agency to identify every water customer's service line (the water line coming into your residence) as well as the identification of your interior plumbing. Residents need to investigate the main water line that enters their residence or facility and respond to the City of Alamogordo Utilities Department with the type of water line found on the inside and the material used for most of the interior plumbing.

[Complete the Water Service Line Survey.](#)

## Alameda Park Zoo

### Mexican Grey Wolves

The Mexican Grey Wolf enclosure remodel is complete!

We welcomed Lady and Cleo to their upgraded habitat. This remodel not only enhances their living space but also ensures they receive the best care possible.

A huge thanks to White Sands Construction, INC and all the subcontractors for their exceptional work. We also extend our gratitude to the City of Alamogordo for prioritizing the animals' safety and happiness by focusing on the zoo in their planning.

Special thanks to the New Mexico Legislature for allocating funds for this project through our city's ICIP (Infrastructure and Capital Improvement Plan). Your support has been invaluable in making this project a reality.

Come visit us and see the wolves thriving in their new home!

The City Profile is a publication of the City of Alamogordo and is provided as a service to City residents.
