## Alamogordo SAR: Warning

**COTTON KILLS!** Due to the molecular makeup of cotton, while wet, it loses the air space surrounding an otherwise insulating cotton garment which leaves you exposed to simple radiant heat loss.

Other viable clothing options to help you and your loved ones enjoy the outdoors year round include polyester, wool, nylon, bamboo, silk and rayon. Being properly clothed can mean the difference between a pleasantly memorable outdoor outing vs misery at best and grim results at worst. Climate appropriate layers will be your friend!

The Alamogordo Search and Rescue team meets every first and third Tuesday at 6pm at the Odd Fellows Hall on First Street. Volunteers are needed! Visit their Facebook page, call [575-386-7826](tel:575-386-7826), or email [board@alamosar.org](mailto:board@alamosar.org)
